ABOUT ME

Introduction to Myself

I'm a dedicated and curious individual who enjoys exploring ideas, understanding user needs, and designing solutions that are both functional and meaningful. With a strong foundation in research and design, I aim to create experiences that make people's lives easier and more delightful. I'm always eager to learn, collaborate, and take on new challenges that help me grow and contribute to something impactful.

Name: Dulmini Prathibha

Age: 26

Location: Colombo, Sri Lanka

Email: dulminiprathibha00@gmail.com

More About Me

02 JOURNAL

What I Learned from the Module Content

Throughout the Professional Practices in Writing module, I gained valuable skills that have strengthened my communication and professional capabilities.

Business Writing

I developed the ability to craft clear, well-structured business documents such as proposals, memos, and executive summaries. I now organize ideas logically and adapt my tone and format to suit professional situations.

Letter Writing

I learned how to write different types of letters with the right tone and structure, including cover letters, inquiry letters, and thank-you notes. This helped me communicate professionally and confidently in various formal contexts.

Report Writing

I learned to create structured reports that present information clearly and accurately. Focusing on data and analysis improved my ability to prepare reports and summaries that support decision-making.

Email Writing

I gained hands-on experience writing professional emails that are clear, concise, and appropriate for different audiences. I also learned the importance of subject lines, greetings, tone, and closing.

Language for Presentations

This module enhanced my public speaking skills. I learned to organize and deliver presentations clearly, use visual aids effectively, and engage the audience with confidence and clarity.

Personal Reflection

I became more aware of my communication strengths and areas for improvement. Reflecting on my experiences helped me grow personally and professionally, and prepared me to handle communication tasks more effectively.

03

CAREER PLAN

My Career Plan

I am passionate about combining research, design thinking, and technology to create meaningful digital experiences. My goal is to grow as a UX/UI Designer while contributing to innovative solutions that make a positive impact.

Short Term (0–1 Year)

Strengthen my foundation in UX/UI design principles and tools. Contribute to real-world projects, learn from experienced designers, and improve my research and prototyping skills.

Mid Term (1–3 Years)

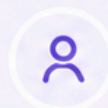

Work on diverse projects to enhance my problem-solving and user-centered design abilities. Collaborate with cross-functional teams and take ownership of design end-to-end.

Long Term (3+ Years)

Become a well-rounded UX/UI Designer and grow into a leadership role. Drive design strategy, mentor others, and create user experiences that make products more accessible, intuitive, and impactful.

Core Strengths

User-Centered Mindset

Focus on understanding user needs and creating meaningful experiences that solve real problems.

Problem Solving

Enjoy turning complex problems into simple and effective solutions through research and design thinking.

Creativity

Passionate about designing interfaces that are intuitive, aesthetically pleasing, and engaging.

Collaboration

Believe in the power of teamwork and value open communication to achieve meaningful outcomes.

DULMINI PRATHIBHA

UX/UI Enthusiast | Research Intern
IT Undergraduate

I am a dedicated UX/UI designer with hands-on experience in Figma, Sketch, and Android Studio. Currently working as a research intern at MXR Lab, UCSC, I contribute to human-computer interaction (HCI) and immersive technology projects, which further strengthen my user-centered design perspective. I'm eager to apply both my design skills and research background to build meaningful and innovative digital experiences in a professional environment.
